Ikall

- Audio and audio/video external unit
- Flush- and surface-mounted installation
- Available for SBTOP 2-wire and digital VIP system
- Analogue or digital version with "sensitive touch" technology
- Protection index IP54
- Large, easy to remove nameplates
- Audio and visual indications with pictograms illuminated by LED backlighting

316 Analog

- Audio and audio/video external unit
- In AISI 316 stainless steel
- Call buttons featuring exclusive "Sensitive Touch" technology
- Flush-mounted installation
- Available for SBTOP 2-wire and digital VIP system
- Available in versions with 1 to 12 buttons
- IK08 protection rating
- Voice messages, LED indications and graphic icons for hearing aid users

Stainless Steel

- Audio and audio/video external unit
- 2.5mm marine grade Stainless Steel
- Flush and surface - mounted installation
- From a 1 button panels to unlimited users
- Available for SBTOP 2-wire and digital VIP system
- IK08 protection rating
- LED indication and voice announcement
