MS30 Single Maxi Maglocks

Key Features

-  Easy to clean - electroless nickel plated magnet
-  RAL paint finish option
-  Robust and durable electronic locking

Product Description

The MS30 maxi single transom maglock delivers robust and reliable electronic locking in a clean transom-mounted format. The electroless nickel-plated magnet is easy to maintain, while the durable construction ensures long-term performance. Optional RAL paint finishes allow the unit to blend seamlessly into a wide range of architectural environments.
